

MYTEXASFFA.ORG

We are the Texas FFA Foundation

Our purpose is to strengthen agricultural education and the Texas FFA program. We aim for every student to develop their potential for personal growth, career success, and leadership in a global marketplace.

Our focus is on acquiring the resources needed to execute a collaborative strategy for agricultural science education and FFA student opportunities. This development of resources serves as the fuel to make our vision a reality.

**Student leaders today.
Dynamic influencers tomorrow.**
